Students are to complete 9 graduate courses in Linguistics in order to earn the MA through DSP.

All courses taken for the Linguistics MA degree MUST be taken for 4 or 5 units, and for a letter grade.

GRADUATE COURSE REQUIREMENTS

ALL THREE OF:
- 200A (Phonology 1)
- 200B (Syntax 1)
- 200C (Semantics 1)

TWO OF:
- 201A (Phonology 2)
- 201B (Syntax 2)
- 201C (Semantics 2)

ONE OF:
- 204C (Speech Perception)
- 209A (Computational Linguistics 1)
- 213A (Acquisition)
- 213B (Neurolinguistics)
- 213C (Language Processing)
- 217 Experimental Phonology
- 236 (Computational Phonology)

THREE OF (if not used above):
- 201C (Semantics 2)
- 202 (Language Change)
- 203 (Phonetic Theory)
- 104/204A (Experimental Phonetics)
- 204B (Speech Production)
- 204C (Speech Perception)
- 207 (Pragmatics)
- 208 (Mathematical Linguistics 1)
- 209A (Computational Linguistics 1)
- 209B (Computational Linguistics 2)
- 209C (Computational Semantics)
- 111/211 (Intonation)
- 212 (Learnability)
- 213A (Acquisition)
- 213B (Neurolinguistics)
- 213C (Language Processing)
- 214 (Syntactic Theory)
- 215 (Syntactic Typology)
- 216 (Syntax 3)
- 217 (Experimental Phonology)
- 218 (Semantics 3)
- 219 (Phonology 3)
- 244 (Bilingualism)

OTHER REQUIREMENTS:
- Students that have not taken Ling 110 must take 110 or 110G.
- Students that have taken, but not passed Ling 103 with a B or higher need to take the Practical Phonetics Exam and pass it.
  * Students that took Ling 102 should take the Production part of the Phonetics exam.
- In their final quarter of the program, students must pass a comprehensive oral examination in order for the degree to be conferred.
