RE: Allowing Transfer Courses to Satisfy Major Preparatory Requirements with P/NP for the
Majors within the Department of Linguistics due to COVID-19 Disruption

The Department of Linguistics wishes to allow all of the lower and upper-division courses, whether they are offered in our department or housed by another department, required by any of our twelve majors as well as our minor, except for Ling 20, to be completed Pass/No Pass grading at any institution during Spring and Summer 2020 and still satisfy the major or minor requirement. Any course being used as the equivalent to Ling 20 at UCLA must still be completed for a letter grade during Spring and Summer 2020 if the student wishes to use the outside course to fulfill a Department of Linguistics major or minor requirement.

Thank you,
