

Instructor | Jennifer Lynn Marfino | email: jennifermarfino@ucla.edu | office hour: by appointment

COURSE DESCRIPTION:

This course introduces the students to basic knowledge about American Sign Language (ASL) and Deaf people. There will also be extensive study on the Deaf Culture and Community. Topics will be presented in readings, videos and discussions in ASL.

TEXTBOOK & RESOURCES:

1. Signing Naturally Level 1 (can be found on [amazon.com](https://www.amazon.com)) UNIT 1-6 & UNIT 7-12 worksheet (**optional**)
2. GoReact for Video Journal www.goreact.com (**REQUIRED**)

ONLINE ATTENDANCE:

Attendance is strongly encouraged. Because this language is visual, it cannot be taught from a book; it must be experienced firsthand. If a student has frequent absences, that student will miss out on the opportunity to learn and practice new vocabulary and concepts. There is no way to assign book work to make up for what is missed. If you do miss class, it is your responsibility to incorporate the material covered in classes into your studies. You are still responsible for any missed coursework; you will be assessed a zero on any assignments due that day.

****Certain sessions require synchronous attendance—please refer to the course calendar for details.****

CLASSROOM PARTICIPATION:

I expect you to demonstrate an individual positive, sincere, and enthusiastic attitude and work ethic towards improving your ASL skills, and contribute towards a positive learning environment for everyone in this class. I encourage you to ask questions as much as possible! I may not have all the answers, but I expect you to exhibit curiosity and take responsibility for your learning, which will only motivate my teaching. In short, I expect you to be good citizens and work in a way respectful and encouraging towards everyone through online.

TESTS AND QUIZZES:

No make-ups or exceptions will be given for missed quizzes or tests, unless proof of a legitimate personal or medical emergency is shown. As with my attendance policy, you are to notify me immediately of any situation via email, and we will then discuss next steps.

Make-up exams will not be given. If a legitimate medical or personal crisis occurs, you must inform me immediately, and we will discuss next steps, if warranted.

ACADEMIC HONESTY:

Students are expected to follow standards of academic integrity. As specified in the UCLA Student Conduct Code, violations or attempted violations of academic dishonesty include, but are not limited to, cheating, fabrication, plagiarism, multiple submissions or facilitating

academic dishonesty, amongst others. Dishonest academic conduct will be reported to the Office of the Dean of Students. See

<http://www.studentgroups.ucla.edu/dos/students/integrity/> for further information.

STATEMENT ON VIDEO SUBMISSIONS:

You will create your own video journal using GoReact. You should make sure the video is appropriately labeled

“Video Journal #1” Things to consider when recording your video journal are:

- Appropriate placement of body, face, and hands, so they are visible. A medium shot works best.
- Appropriate lighting, clothing, and background. No loud or distracting patterns or colors. Consider clothing that contrasts with your skin tone, and background that contrasts with your clothing.
- Appropriate quality/smoothness of picture and playability.
- Making eye contact with the camera, and not the playback of yourself on the screen. This will enhance your production of ASL since you won't be evaluating/editing yourself as you produce signs. If you post a video that is not on par with the expected quality or standards, I reserve the right to not accept and grade your assignment. As a result, you may earn a failing grade for this assignment.

ONLINE DESCRIPTION:

You will be learning ASL / Deaf culture via online videos. Your instructor will post a video under CANVAS weekly. It is your responsibility to watch the entire video(s).
